Pen x Eraser (NSFW)

First chapter that is a lemon so don't get mad uwu
I hate myself

Pen's pov:

My best friend and long time crush Eraser cam over to my house, I really wanted to ask him out but he doesn't even know I'm gay.

Me and eraser were into a deep convo about something that I can't remember, once I finished talking eraser looked away from me and he started blushing

"Eraser?" I asked him

I was all of the sudden pinned down on my bed by eraser, I was confused but asked no questions.

Eraser removed his pink jacket and started to remove mine, I realized that eraser had intense feelings for me

As soon as our clothes were discarded, I felt tension in my crotch.

Eraser pressed his body against me and I felt more tension, eraser made out with me passionately.
Eraser licked my lips, asking for entrance

I let him in, eraser moved his tongue around in mouth claiming it his. Eraser, still making out with me fiddled with his boxers , trying to take them off.

Eraser pushed his tongue deeper in my mouth, pinning my tongue down.

I peeked over to see that eraser removed his boxers, he then removed

his mouth off of mine, panting for air.

Eraser finally removed my boxers to see my member, hard as a rock

He grabbed a hold of it
"Please eraser" I moaned out

Eraser giggled as he began to jack me off, it felt nice but weird at the same time.
I quietly moaned and eraser went faster

"I-I'm gonna!" I shouted

I nutted on erasers hand, eraser licked the palm of his hand.
I blushed, eraser aligned his member to my hole

"You're mine now..." he said as he slammed into me not even letting me get used to his length.

I screamed out a moan as eraser pounded in me, his tiny grunts made me even more hard as he just was constantly slamming in me.

I was a moaning mess, he started to jerk me off a lot faster than before.

I just moaned even louder, I dug my fingernails into his back, he smirked as he saw my face, red and with tears rolling down my cheeks.

He all of the sudden slammed into my sweet spot as hard as he could which made me scream bloody murder, my liquids squirted out of my member from my sweet spot getting mulled to death.

Eraser still didn't finish he just pounded many more times into me, I felt more hot tears falling down my cheeks.

Finally I felt eraser's cum fill the inside of me, my stomach got bigger as more cum filled me, eraser pulled out as I got extremely exhausted.

I just fell asleep, not even putting my clothes on I just didn't care enough at all....

Lollipop X Taco (NSFW)

I'll be honest, I'm not very good at writing lesbian nsfw's since I've never had sex with someone who was afab.
But just take what you can get.

Lollipops pov:

Taco was sleeping on my lap, she came over to my house but drank down too much soda and had a sugar crash which sent her straight to sleep.

She fell asleep on the floor, so I moved her on my lap, I wanted to make sure she was as comfortable as possible.
So I rubbed taco's cheek with my thumb then she did something I didn't expect

She starting purring

I snickered, I then rubbed her neck, I slowly slid my hand down to her chest, taco's purring started to sound like mumbling

"M-more lollipop" taco moaned in her sleep

I was suprised, I slipped my hand up in her jacket.

she woke up

"Ah! Lollipop?!" Taco yelled as she sat up

I pulled my hand out embarrased and said
"Oh, your awake"

I lifted her up and set her down on the couch.

"I was uh...going to the bathroom?" I said stumbling on my words

When I tried to get up taco grabbed my wrist and said
"Don't leave me...."
"I liked that"

I sighed and sat back down, I then again slipped my hand into her jacket again.

she giggled
"Do something..."

"Gladly" I replied

I slipped out my hand, Taco got on her knees and removed her jacket.

She had no bra on

"Like what you see?" Taco asked, teasingly

I blushed, while staring at her tits, slowly taking off my shirt

I leaned forward and kissed taco, I slid my tongue in her mouth
I parted from the kiss, panting for air.

I attacked taco's neck, biting different area's to find her sweet spot, when she let out a small moan, Bingo!

I started sucking and biting in that spot to hear her moan louder, hearing her moan made me....wet
I let go of her neck, i saw the hickey i gave her, I smiled.

I slipped my hand in her skirt

"Ah~l-lollipop" taco moaned

She lost her balance since she was on her knees and landed face first in my chest, i giggled.

I removed her skirt and then I removed my own, taco's face became a tomato.

I climed on top of her and kissed her again, taco removed my

underwear.
I removed her own, i pushed my hips down as our vagina's touched, taco made a small moan.

I started grinding on her, rolling my hips in a circle, me and taco started moaning

"L-lollipop!" Taco moaned

"T-t-taco...." i moaned back

I rubbed our clits faster to hear taco's sexy moaning....

"I-I'm g-gonna-!" Taco said

"Go ahead" i smirked

I forcefully slammed my lips on her's again, i felt her digging her fingernails in my bra.

I felt her becoming tired and weak, we climaxed at the same time.

We let go from the kiss, panting.

"That....was....something" i said still panting

"Y-yeah.." she said

I got off of her and threw back on my underwear, taco was too weak to move so i helped her.
I was finally done and layed next to her

"I love you..." taco said falling asleep

'I love you too" i responded back

I fell asleep, my arm wrapped around her.

Snowball x Ivy (oc) (LIME)

Before i start i just wanted to say that ivy is not a canon character she is my oc, and if you ask my answer is no i am not a fangirl of snowball (I'm not that type of person lol)
Whatever lets just get started!

Ivy's pov:

Today was the best day ever...i got snowball's heart, how? Well..
I was forced to play spin the bottle at bottle's house.

(Playing spin the bottle with a bottle, lol)

All of the contestants came to the party, and of course we were all forced to play spin the bottle.

"Alrighty, you're turn cake!" Bottle said happily

She gave the bottle to cake and sat back down, cake hesitated for a bit but asked no questions.
He placed the bottle in the middle of the circle and spun it, everyone shushed and stared at the bottle as it was spinning, it got slower....and slower....until it stopped.

Loser...

Loser's eyes widened, bottle got up and grabbed cake by the arm
She went over to loser,grabbed him and threw them in the closet and locked it, she went back to her spot and started a 7 minute timer.

With spin the bottle, you have 7 minutes but the *catch was* is that you never knew when the timer went off only the listening crowd knew.

'Chu' was the sound that made everyone go nuts, I grabbed my twin

brother by the hand and went over to the wall and we pressed our ears to the wall.

After a few minutes Bottle paused the timer, grabbed her phone and tiptoed over to the closet wipped the door open and quickly took a picture, slammed the door shut.

Bottle threw her phone down revealing the picture, loser and cake were circling their tongues together, loser had his hands down cake's pants.

Cake and loser came out of the closet with there cheeks pink, they went back to their spots.

Bottle grabbed the beer bottle and looked at the person next to cake

Me

"You're turn Ivy!" She said, handing me the bottle

I took a deep breath in and placed the bottle in the middle of the circle and spun it, everyone stared at the bottle spinning....slower....and slower

On snowball

Everyone gasped even my brother, snowball was the most violent kid in the whole town, he even cracked my skull open once.

It was during history at school, after my teacher yelled at me for leaning back in my chair, snowball grabbed it and threw it back. *Slam!*

My skull had been shattered

Bottle ran towards me, grabbed my arm and went to snowball, she hesitated grabbing him for a bit.
But rules were rules and she grabbed him.
She threw us in the closet, it was dark.
Bottle locked it and the last thing I heard was bottle walking away.

I looked at snowball,snowball looked away from me for a bit, I put

my hands over my face, I didn't know what snowball was gonna do to me

Hit me? Cut me? **Kill me?**

All of the suddon snowball pushed me against the wall and pinned me there.
I sighed, finally ready for my death.
I looked down, I didn't want to look my murderer in the eyes.

"Let's make this quick ok?"

I shot my head up at snowball, what did he mean?

"Go ahead already" I said
"Just get on-"

Snowball interpreted me by suprisingly....

planting his lips on mine, all of my fear drained away into....love.

(Flash back time!)

Walking down the school hallway, I saw snowball and blocky talking to each other.

"Wait, you actually like her?!" Blocky said"

I stood next to the wall listening on their conversation

"Yeah I like her" snowball said

"Then go ask her out!" Blocky said

"Nah" snow said
"I want to wait until the time is right

(Flash back is over)

It was now crystal clear who that *"her"* was, that girl was me...but why me?

I mean, I was liked by everyone, a lot of people enjoyed hanging out

with the girl who couldn't feel pain.

I put my hands on snowball's shoulders, he wrapped his arms around my waist.

He licked my lips asking for entrance and being the stupid person I was....
I let him in, he moved his tongue around my mouth.

I didn't know why..why am I falling for someone who **HURT ME!** Yeah I might not have felt it, **BUT I WAS SENT INTO THE HOSPITAL!**

I gave up I wanted snowball, and he wanted me...
We interlocked fingers.
The kiss started to get more passionate, Snowball lifted me up.
I wrapped my legs around him

All of the suddon i heard a loud *click* and then the door was shut again, snowball threw the door open and ran over to bottle.
I slowly got out and ran after snowball

Bottle threw her phone on the ground, everyone looked at it they were either blushing, surprised, or squealing.

I grabbed bottle's phone that everyone was looking at, my eyes widened.

She took a picture of me and snowball kissing, I yelled a offensive insult at bottle and threw her phone at her.

I went back to where snowball was standing, my brain malfunctioning.

"I FUCKING KNEW IT!" Donut yelled

"KISS AGAIN!" Blocky yelled

"When are you two gonna get married?" Pencil asked jokingly

"Snowball and ivy sitting in a tree k-i-s-s-i-n-g" coiny said

my brother got up and went over to snowball

"You better treat her right or I swear to god!" He said pointing at snowball

I giggled because Oak is trying to seem tough but I could tell that he was scared shitless.

Snowball just lauged and wrapped his arm around my shoulder

"I love you snowball" I said

"I love you too ivy" snowball said

I guess this day was ***ice***

Snowball picked up his speed, making me cover my mouth with my left hand.

"Don't hold back your moans babe" snowball said

I did what he said, i removed my hand and slipped out small moans

while panting loudly.
We locked eyesight, he smiled when he saw my face extremely red.

"I-I-i'm gonna..." i moaned

"Go ahead" he said

I then felt my liquids pooring out of me, snowball took out his fingers and sucked on them making my face red as a tomato.

"Ugh, here" blocky said removing his coat.

Blocky wrapped his coat around Oak, making him blush

Loser X Cake (NSFW)

My friend ForestTheTransBoy originally wrote this, but I'm currently editing it
----

Loser's pov:

Cake leaned against me, he was very tired.
School took out all of his energy, and so did Ivy, she beat him up today after her group of boys dared her too.

Ivy and her crew got yelled by the principal but like always Ivy said when she got in trouble

"The rules don't apply to me"

What a typical boy she was, yeah she's a girl, but acts like she was **men'nt** to be a boy.

(that was on purpose plz don't kill me)

But enough about her, I'm talking about Cake

I played with Cakes fluffy brown hair, but it was kinda messed up because of Ivy throwing him to the ground and tugging at him

Cake softly grabbed my other arm as a smile creeped up on his face.

I looked into his eyes and smiled, but his face was beaten and bruised, Cake layed his head back on my shoulder.
I noticed a red scratch on his neck

"Damn, she got you good huh?" I said

"Yeah..." cake said

Cake is so cute! Everything about him was adorable, god i just want to kiss him so bad....
But what would he think of me?

I mean yeah, there was that time at bottle's party when we made out. But those were the rules to spin the bottle...right?

"Hey loser?" Cake asked

"What?" I replied

Cake slid closer to me so that our legs touched, I blushed

"Can I do this?" He asked

"Do what?" I said

"This" cake said

Cake smacked his lips on mine, I was shocked but I didn't pull away cake slipped his tongue in my mouth.
He started to nibble on my bottom lip, we released from the kiss, a string of saliva connected our bottom lips.

I kissed him again, this time I wanted to please him.

I licked my tongue all of over his, he let out a small grunt as we parted from the kiss

"Wow" I said

"That was awesome" cake said

Cake looked into my eyes with lust, I could tell that he wanted **it**, I picked him up and carried him inside my house.

I went to my bedroom and sat him on the bed,cake caressed my sweat pants with his hands, taking them off.

I zipped down his pants, I nelt down and licked his member, cake slipped out small moans, i licked harder

"Gah~ this is a-amazing" cake moaned

I slipped his member in my mouth and slowly began sucking it, cake moaned louder.

I wrapped my tongue around his member and I deep throated it, I felt cake's liquid flowing down my throat but I continued to suck and he continued to moan.

"L-l-loser~" cake moaned

I pushed his dick past my throat i felt like i was going to vomit, cake again cumed in my mouth as i pulled his cock out.
I threw off cake's pants i also removed mine, i pinned cake to the bed as he giggled

"W-what are you doing l-loser?" Cake asked me

"This" I said

I pushed my member inside of cake as he moaned loud, i thrusted in him a normal speed as cake grabbed onto my
Shoulders.

"Ah~!" Cake moaned

I started thrusting in him faster, cake started screaming then *squeak!*

Cake cut his vocal cords, he started squeaking so I went slower, but then cake started bucking his hips extremely fast, I didn't want to hurt him but he just wanted me to go fast, and so i did.

Cake let out quiet squeaks as i went faster, cake bit harshly onto my neck making me yelp, I'm pretty sure cake drew blood from biting my neck.

I grabbed cake's member and started pumping it slowly, cake squeaked louder until...
He fully cut his vocal cords, not only could he not speak he couldn't make any noises.

I got really anxious because school was tomorrow and he would need his voice, but still i continued to fuck him, I pumped his member faster and faster, liquid squirted out of his member.

I was getting close,cake tried to say something but nothing came out, saliva dribbled out of his mouth, I leaned over and licked up all the saliva.

Finally, I came inside of cake as I grunted loudly, I pulled out of cake as he put back on his boxers.
His neck was a purple mess, I put my boxers back on, cake got on his phone as I looked at him....

I still wonder...

Fries X Ivy (ANSGT)

Reeee this ships is a angst
And fries is my husband so I cried making this-

Ivy's pov:

I ran into the gym room, I sat down in my line on the gym floor with my squad members.
The members consisted of fries, saw, book, and lollipop.
Our gym teacher 7, told us that we were using square scooter's.

But we had to do it with partners, of course I shouted for leafy but then 7 said that our partner's had to be from our squad line.

"Oh come on!" Snowball yelled

"Are you serious!?" Oak yelled

"Ugh, I'm in a team full of boys!" Match yelled

I was really getting annoyed with this so I bounced back with protecting the gym teacher's choice

"Can you guys shut up and stop complaining!" I yelled

"Can you guy's calm down!" 7 yelled
"It's either do it with your squad or don't do it at all"

Almost everyone groaned, I got up and grabbed two scooters and sat them down in front of our squad leader Saw.
Saw and Lollipop got on the scooter and became confused

"Uh..." lollipop mumbled
"Do we hold onto each other or...."

7 overheard the conversation and said

"Yeah, hold onto the scooter's or your partner so you and your partner stick together"

Saw grabbed onto the handle that was on Lollipops scooter.

"Now what?" Saw asked

"Roll over to the other side of the gym and touch the wall, come back and the other pair of partners do the same thing" 7 said

Lollipop and Saw moves there legs forward to make the scooter move, they hurried to the other side.

I looked over at my partner Fries, his face was extremely red and flushed

"Are you ok?" I asked him

"Yeah I'm fine" he said wiping his forehead

"Uhh...I don't have a partner" Book said

"Then someone has to go twice" I said

"You and Fries go now" Lollipop said

Me and Fries got onto the scooter's, but then I got really grumpy I wanted to get this thing done with.

"Grab onto me!" I shouted

I guess Fries didn't understand what I meant and he instead of grabbing the handle on the scooter, He grabbed my hand and squeezed it.

"Uh..." I tried saying

"Shut up and get going!" Fries shouted

I moved my legs forward making the scooter move, fries squeezed my hand tighter....he was doing this on purpose.

Fries's face was now tomato jay (kubz scouts reference)

We finally reached the other side of the gym, I kicked the wall pushing me and Fries back, my hand was turning red from Fries squeezing it so much.
We got to our squad line, me and Fries got off of the scooters but he still held onto my hand.

"Are you guys dating?" Book asked us

"No-" I tried saying before Fries interrupted me

"Yes we are" Fries said looking at me with a smile

My *real* boyfriend Snowball overheard and stomped towards Fries

"4:00 at the elementary school!" He said as he grabbed Fries by the scruff

"You too" he also said while looking at me

Snowball dropped Fries, fries ran away to the corner of the gym.

Time skip cause I'm lazy

I sat on a bench at Object Elementary School, waiting for Fries and Snowball.
I heard footsteps and I looked back, it was Fries.

"Oh hey Fries" I said

"Hey..." he said

He sat down next to me

"Hey ivy?" He asked me

"Yah" I said

"You know how I lied to book that I was your boyfriend?" He asked

"Yeah" I said
"I remember"

"Well..." he said as his words stumbled

Fries turned to me and grabbed my hand like he did in gym

"I have a crush on you" he said
"I want you so bad"

I looked at him in the eyes, he started to tear up.

"well..." I hesitated
"I love you too...I just wish snowball would understand that I-"

"What did you just say?"

I looked up to see Snowball holding a gun at the back of Fries's head

"What the hell are you doing?!" I shouted at snowball

"Shut up and walk, both of you" he said forcing me and Fries to stand up

We walked into the Forest, Fries kept holding on to my hand.

"Now..." Snowball said as he switched off the safety mode on the gun
"Any last words?"

Fries looked at me in the eyes and said
"I love you"

"I love you too" I said

Tears flowed down my eyes, I closed them.

Bang

A few seconds after the ringing in my ear went away Fries's hand became weak, then he lost his grasp and fell down on the grass dead.

Snowball walked towards me, I cried at the sight of my friends dead body.

"He won't steal you now" snowball said as he wrapped his arms around me

" y-y-you just killed my f-f-friend..." I said stuttering

"Whatever" Snowball said
"you're mine anyways"

"but I don't feel happy with you!" I said as I tried pushing Snowball away from me

Snowball grabbed me by the neck and sharply kissed me

"YOU are mine" he said

he squeezed my neck harder, I couldn't breathe.

"am I clear?" he asked

I nodded my head

"good" Snowball said as he let go of my neck

snowball walked away, I ran over to a bush of roses.

I plucked the roses and covered Fries with them.
I walked out of the woods, tears cleansing my eyes

Coiny x Firey (ANSGT)

not a murderous one, just firey rejects coiny (oh shit i spoiled it) but i don't give two shits
----

Coiny's pov:

I threw my messenger bag in the corner and sat down on the choir chair, i looked over at my crush firey.

He was talking to the new girl ivy, and of course he was yelling at her for punching him.

I wish i could punch her back, but that would lead to me losing my eye sight and a couple of teeth, ivy is a violent one.

"YOU CAN'T JUST HIT RANDOM PEOPLE!" firey scolded ivy

"why not?" ivy asked annoyed
"it's quite fun"

"BECAUSE PEOPLE DON'T LIKED BEING PUNCHED!" firey screamed

"i don't care what people like and don't like" ivy claimed
"i just like to watch people suffer"

"you're messed up" firey insulted ivy

"why don't you take a look at yourself?" ivy said
"Mr pimpled faced freak"

Firey had multiple pimples on his face, he was really insecure about them.

I got really mad, god i hate ivy, and of course she skipped to her seat without being yelled at by anyone.

Our choir teacher 6, played the piano which meant choir was starting.
Everyone shushed and sat down as six stopped playing the piano and wrote down on the white board *December 14 object high school.*

"This, class, is when the choir concert is" 6 said as she slowly swung her hips

I raised my hand

"Yes coiny?" Six said as she pointed at me

"How should we dress up for the concert?" I asked

"We should just dress up nice" 6 said
"Nothing special, just nice clothes"

"I'm going to wear a wedding dress!" Flower said

"Tuxedo for me" ivy jokingly said

"Meh, I'll just dress how i normally do" taco said

While everyone was talking about what they were going to wear, i tapped firey's shoulder.

"What?" Firey asked

"Meet me in the soccer field at 4:00" i told him

"Ok" firey said

6 played the piano again, everyone shushed up.
I took a deep breath in, nervous to confess to my crush.

time skip

I twisted my fingers, my face felt like fire,my heart racing.
I heard footsteps and looked up, it was firey.

"What's up?" He asked me

I took a deep breath in

"Well..." i said
"There is something i needed to ask you

"Ok,what is it?" He asked me again

"I have a crush on you" i said
"It took me so long to realize i didn't hate you"

Firey looked down at the ground, i took one of his hands and held it.

"Will you be my campfire?" I said
(Why the fuck did i do that, i want to fucking kill myself)

Firey looked into my eyes

"Im sorry" he said
"I don't feel the same way"

My heart shattered and my eyes started to water

"I know I'm bisexual, but not attracted to you" he said

Firey let go of my hand and walked away, i turned around walking to my house.

I broke into tears, my heart still in pain.

This story was meant to come out a while ago, but the day I wanted to publish the book was the day my bird twitter died, I had to take a long break and I forgot about this book.
Now here it comes

X's pov:

I opened the door to my house, I kicked off my snow boots and threw my coat on the rack.

I walked into the living room, where my boyfriend 4 was.

"You tired?" 4 asked me

"Yeah" i said, plopping down on his stomach

I layed down with 4 as we watched south park on the tv

(watch south park it's good but it contains swears and sexual jokes)

Half an hour went by.

"Hey x?" 4 asked me

"What?" I said

4 lifted me up and looked me in the eyes, i blushed.

"Let me claim you" he said

"W-what?" I asked

4 lightly kissed me on the lips, i immediately calmed down.
I opened up my lips a bit and 4 pushed his tongue around in my

mouth.

Me and 4 intertwined our fingers as we kissed, i pulled back and we both panted from lack of air.

4 unzipped my jacket and threw it to the side, i stood up and took off my sweat pants.
4 removed his pants and mounted me.

"Adorable" he said

My face turned a bright pink, 4 leaned forward and nibbled on my neck, I moaned.
4 sucked on my neck, making me moan louder than before.

"You want more?" 4 asked me

I nodded my head

4 removed his boxers and stared into my eyes, he removed my boxers.

"You sure you can take it?" He asked me

"4, we came this far, I'm gonna be able to take it" I said

"Alright" 4 said

4 pushed himself inside of me, I whimpered, it hurt so bad.

"I-I'm sorry!" 4 said
"Did I hurt you?"

"No..you're fine" I said

4 lightly thrusted in and out of me, trying not to hurt me.
That's surprising because 4 wouldn't give a shit if he hurt me, mentally or physically.

Pleasure ran through my body as 4 sped up.

"Ah...your tight" 4 moaned softly

i moaned quietly until 4 sped up, i grabbed onto his neck with my right hand, 4 lauged.

"Your enjoying this, aren't yah?" 4 asked, probably trying to seduce me

i nodded my head, 4 all of the sudden slammed into me, i moaned loudly.
I quickly covered my mouth, 4 grabbed my hands and held them both.

"Don't hide your moans dammit!" 4 yelled at me

I felt tears coming out of my eyes, 4 leaned forward and kissed my neck.

He began biting and sucking different spots on my neck, I felt like screaming.
All of the suddon.

4 threw me back down on the couch while continuing to pound me, I was trying to pull him out of me cause I was in so much pain, but nothing worked.

He just went faster and faster.

I screamed his name as I came, I was starting to see stars.

"Mhmmm, I'm cumming!" 4 shouted

I wrapped my legs around him

"D-Do it inside of me!" I shouted back

Within a few more thrusts he nutted inside of me.

My vision went black after that.

I jolted awake I noticed I was in my bed.
I looked over at my night stand to see a note,

"Hey x, I had a great time with you.

You passed out after I came inside of you, so I took you to bed.

Love you! -4"

I sighed and put the note back where I got it from and went back to bed.

Fanny x Bubble (FLUFF)

I wasn't sure if i was gonna make another lesbian one, but here it is!
Also a lil note: the first part is a bit ansgt

Fanny' pov:

I fearlessly grabbed my black hair and yanked it out of anger.

Why was i so mad? Well...
I flunked the math test, when i got the results back i immediately crumbled up my test and threw it away.
And i got the worst score out of the whole class!

Everyone either had 80% or up, but there was me! The dumb ass bitch with 20%

I heard footsteps coming towards me so I looked up, it was my crush and friend bubble.
I never thought i would fall in love, and this is coming from a girl who hates everything!

"Is something wrong fanny?" Bubble asked me

(I'm not gonna do bubble's accent because I'll butcher it)

"Yeah" i said as i let go of my hair
"I failed the math test"

bubble sat next to me and wrapped her arm around my shoulder.

"it's ok fanny" she said
"it's just a test, i failed mine too"

i turned my head to her, she looked at the scars on my face, bubble's face turned to pure horror.

"WHAT HAPPENED TO YOUR FACE!?" she asked me, yelling

"i cut myself" i said

bubble began to tear up, my heart sank.

bubble grabbed my hands and pushed her face closer to mine.

"why?" she asked me

i didn't respond

"WHY?!" she asked while shouting

"my life sucks" i said
"i want to die"

"but i love you" bubble said

my face turned bright pink, but i still had my angry expression.

Bubble leaned forward and planted a small kiss on my lips, i was shocked.

I melted into the kiss, bubble slipped her tongue in my mouth.
I leaned back while bubble pushed forward, I was surprised that bubble was in full control, we released from the kiss.

"See?" Bubble said
"I love you!"

"No kidding, bubble" I said

"Now quit cutting!" Bubble shouted

I rolled my eyes and just hugged bubble.

"I love you fanny" she said

"I love you too" i said

Pen x Eraser (LIME)

There needs to be more of this gay shit! Just in my opinion

Eraser's pov:

I was hanging out at pen's house, he doesn't talk about what i did to him last time I came over...
I'm guessing it's because he was too embarrsed about it.

but he was giving me "hints" he wanted to do it again, but with him on top.
I keep on reminding him in my head that he was too tiny in comparison to me to top...AT ALL!

but when pen left and came back to his room, which I was in. He pushed me down on the bed.

"please let me be top..." he whisperd in my ear

"dude, you're too short and thin to top anyone, i mean you could probably top woody, but not me pen." i said

pen growled at me, he slapped his lips on mine, I grumbled due to discomfort.
but I had to get use to this, he immediately shoved his tongue in my mouth.

"mmh...pen!" I moaned

I tried to fight back, but his tongue was dominant in my mouth.

He broke the kiss.

"ugh...no matter how hard you try, you'll never be on top" I groaned

"why not!?" pen asked

"I've said it before, you're too slim!" I shouted

"hmph, whatever" pen said

pen got off of me and laid down next to me, he showed tiredness in his eyes.

"you tired?" I asked

"hmph" pen moaned

he scooted closer to me and wrapped his arms around me.

"yes" he said

pen buried his face in my shoulder

"night.." he said

"dude, it's only 2:40-" I tried saying before pen interrupted me with his soft snoring

"sigh, good night too i guess" I said

yeah I know it's short again, I'm tired ok

Fanny x Bubble (NSFW)

I've got nothing to say but, be ready

Bubble's pov:

I jerked awake to find that Fanny had rolled on top of me, I tried to push her off but nothing worked.

"Fanny, get off of me!" I whispered to her

All of the sudden, I yelped

Fanny had bit my neck, it hurt really bad but for some reason it felt... Good.

"see why I don't wanna go to sleep" Fanny said

"I guess" I said

"ugh for a smart girl like you, you're not understanding me" Fanny groaned
"I'm horny, just eat me already"

I rolled my eyes and got on top of Fanny, she gave me the obvious look of "just take off my pants already"

I threw the blankets aside and slid down to Fanny's pants, I slowly unbuttoned them.

"hurry up already, I'm too turned on for the slowness" she said

I threw off her pants and stared at her vagina.
She hand no underwear on.

It was very hot and wet.

"cmon... Get over with it!" Fanny shouted

I looked back down and slowly licked
Fanny moaned lightly

"nggh, move faster" Fanny whispered
"again being slow"

I looked up at her, glared. And moved my tongue faster

Fanny gripped my hair and moaned louder

"F-f-fuck!" She moaned loudly

I grabbed one of her hands and held it.

All of the suddon I felt a warm thick liquid slide down my lip.

I slurped it all up, I looked up at fanny.
Her face was redder than a tomato

"Did that help your heat?" I asked

"Umm...I don't know" she said

I laughed and said
"I've got something you'd like"

I leaned over the side of the bed, I pulled out a remote controlled vibrator.

Fanny's face turned pink

"When did you get that?!" She asked me

"I bought it" I replied

I heard fanny gulp, I took the vibrator out of the box, I placed the vibrator on her vagina.
I sat up and gave her a sadistic smile, I turned the vibrator on and put it on the second level.

Fanny shook from the suddon shock of please and moaned.

I took this as a opportunity to bump it up to the third level, close to full speed but not quite there.

Fanny shoved part of her hand inside of her mouth, trying to quiet her moans.

I grabbed her wrist and said

"No, don't do that baby girl"

I pulled her hand out of her mouth and bumped the vibrator to full speed, fanny was heavily moaning now.

"I'm! G-gonna!-" she moaned loudly

"Go ahead" I said giggling

She expelled her white liquid out of herself, I took the vibrator off of her vagina.
I laughed and said

"Wow, you didn't last long"

Fanny stuck her tongue out at me and said
"I-I hate you!"

"I love you too fanny" I told her

Leafy x Stick (FLUFF)

My good American friend Forest (ForestTheTransBoy) wanted this, he is currently working on a book himself but it probably won't come out any time soon ❤

and he also helped me on this book (love yah Forest :)

3rd person:

"Stick wake up!" the teacher 4 yelled as he noticed Stick laid his head down

"Ah, the bitch" Stick thought
"what do you want?" Stick asked

"You to stay awake or i'm sending you to the principals office!" 4 shouted

Stick was already annoyed with this school, they hated it, after being stuck with Owa for their whole childhood and with the kids hating him, ruining their reputation.

he had enough and desided to move, but he kept in contact with his 2 only friends, and other people who "said" were his friends but he didn't believe that.
But sadly, he had abandoned those 2 friends and made a new online friend.

Yes, Stick has trust issues.
No one could blame them, they came from a school that would bully you if you had the "wrong" brand of phone.

"hey...something wrong?"

Stick looked to the left of him to see his girlfriend Leafy.

"yeah i'm fine, just tired" Stick said.

Everyone knew about Leafy and Stick's relationship, cause one kid (Match) saw them holding hands, she spread rumors and now. Everyone knew

"by the way..." Leafy said

Stick looked at her

"i was wondering if i could come to your house, our internet is down and i don't want my little sister to annoy me" Leafy said

"yeah sure, i've got nothing else to do" Stick replied

"alright, come to my locker after school" Leafy said

(time skip cause i'm too tired, it's 1:58 am)

Stick's pov:

"alrighty, lets go" i told Leafy

me and Leafy walked away from the lockers as we headed to the doors to leave, Leafy stopped walking.

"something wrong babe?" i asked

"LEAFY!"

oh god, that was firey, leafy's ex.

he had been pestering leafy to get back with him, and now he was gonna learn that she didn't want him anymore, after how he treated her.

"leafy please! i swear i'll be a better man!" firey said as he grasped leafy's hand
"I'll do anything to get you back!"

Listening to firey's blabber pissed me off, I wish I could slap him.

"actually..." i said pushing firey's hand away from leafy

i got in front of leafy, looked up and her and....

kissed her, right there in front of firey.

i heard firey running away, i'm guessing after i kissed her. he finally couldn't take being rejected again and ran off to cry to his friends.

As long as i have leafy and not firey having her, i'm happy.

i don't need a iphone, i don't need better clothes, i don't need to have friends, i don't need to be a extrovert.

all i need is Leafy, and that's all.

Nobody (oc) x Snowball (ANSGT)

A person by ooXxPlutoxXoo requested for this story!

Snowball's pov:

A new girl had just enrolled into the school, her name was **Nobody.**

No one knew why she was named that, theories were everywhere

"She was probably named nobody because her parents didn't want her!"

"She was probably named Nobody because blah blah blah"

The theories were always the same.
Nobody never really hung out with anyone, but that was normal.

I had taken a liking for her, but there was one small problem...

I was dating ivy, the "special" girl who couldn't feel pain.
But she gave me a bad rap cause of her twin brother oak

(Note, I had recently changed dane's name to oak)

He had constant panic attacks and was very anxious.
Nobody wanted to be near him, but in order to hang out with ivy, they had to be near oak.

I hated it, I could never have any alone time with ivy.
But yeah, there was that one time I had AHEM! did something to her without oak there.
Cause he was hanging with blocky.
I know that if I had tried to break up with ivy, people would hate me

But maybe I could *cheat* on her and she wouldn't know.

Already I guess it's time to ask nobody out.

(Time skip UwU)

I sat at a lunch table, before school kids were ment to stay in the lunchroom.

Snowball!

Oh, that's ivy.

She ran up towards me with her twin brother right behind her, Ivy jumped on my lap and said

"Yay! You're back!"
"I missed you"

She kissed my cheek, I looked over at oak, he glared at me.

"Umm ivy?" I asked
"Could you get off of me?"

"Oh! Sorry" she replied

Ivy got off of me and sat down next to me

"I'll be right back babe" I told her, standing up

"Ok! Love you" she told me

"Love you too" I said

I walked over to a table that nobody would normal sit at.

I sat next to her

"Hi" I said to her

Nobody poked her head up and looked at me, her cheeks turned a purple color.

"H-hey" she said

I looked away from her, all of the suddon she started mumbling under her breath.

"You alright?" I asked her

"Oh yeah, I'm fine" she said

A few minutes passed

"Hey, uhh nobody?" I asked her

"Hm?" She hummed

"I was wondering if you wanted to hang out with me after school"

"Oh! Uh sure" she said

"Alrighty, I'm gonna go back to my friends" I told her, getting up

"Alright" she replied

As I started walking away, she was mumbling again.

(Time skip to after school cause it's 1 in the morning and I'm so tired)

I sat down on the grass in the woods me and my girlfriend would normally hang out at.
I told nobody to come here since it was close to the school.

"I'm here!" I heard nobody shout

I waved at her

"Hey uh why did you want to hang out with me?"

"Cause I though you were cool, so I asked you out-"

My face turned bright blue.

Nobody giggled and said

"Oh thanks, I usually think that everyone thinks I'm a freak"

"Why would people think you were a freak?" I asked

She stayed silent for a moment before saying

"I'm a four eye's"

"Uhh, you don't seem to have glasses?" I told her

"No, LITERALLY" she said

She took off a light purple bandana from her forehead revealing two more eyes.

My eye's widened at her but I didn't seem grossed out or anything else, I just felt love.

She started tearing up

"I know you think of me as a freak-"

I put my finger on her lips.

"No I don't" I said

I pulled my hand away from her mouth and held her hand

"I don't care about how you look" I said
"I think you're pretty no matter what"

Nobody blushed and said
"Thank you"

I slid closer to her, I moved my head closer to her cheek and-

"SNOWBALL!"

I immediately pulled away from Nobody and looked behind me to see ivy, cheerful as always.

"Snowball! I just got the new animal crossing!" She said running over to me

"New Horizons?" I asked

"Yes!" She said
"C'mon! I want you to play with me!"

She grabbed my arm and pulled me up, I waved nobody a little goodbye as ivy pulled me away from her.

Mission failed, but at least I played animal crossing with my girlfriend.

Requests?

You can now request ships! (You can add your oc's!)

These will be available ships:

Pen x eraser

Loser x cake

Lollipop x taco

Gelatin x donut

Bubble x fanny

Flower x ruby

Balloony x cloudy

Foldy x stapy
-

Here are some ships I won't do (I either don't like it or just don't ship it)

Pen x pencil (I have no idea why this ship is popular

Leafy x firey (I honestly don't like the ship anymore)

Anyone x spongy (ummm..WHY?)

Anyone x yellow face (I have no idea who finds him attractive)

Anyone x David or Dora (just whyyyy?)

Anyone x grassy (NO NO NO, HE IS A BABY BOY! HE IS A

CHILD!)

Blocky x flower (I view flower as a lesbian and blocky as gay so this ship doesn't sit well with me)

Donut x barfbag (donut is gay, change my mind)

Bell x taco (I can see why people ship this, but I don't really like it and I enjoy tacopop more)

Cake x pie (I view cake as a feminine gay and pie as a laid back lesbian)

Nsfw stuff I won't do (I don't really like kinks and fetishes)

Farting and faeces fetish (I just find this gross)

Pedophilia rape (JUST NO!)

intense rape (umm like no)

Foot fetish (JUST WHY DO SOME PEOPLE FIND FEET ATTRACTIVE!?!?!)

If you want your oc to be with anyone, you can request but since I want my ships to co-exist, I can't have one object be with another object and then they get with another object.

I don't do oneshots btw, so if you want a request with your oc and request them to be with a object that's already in a relationship. It's gonna be angst no matter what.

So yeah, request a ship or a oc with a object ❤

Balloony x Cloudy (NSFW)

Requested by unpopularships

Balloony's pov:

I couldn't seem to fall asleep, the bad thoughts were consuming my head which made it impossible to sleep.
I decided to give up and go check on cloudy, he was usually a night owl so I guess hanging out with him for a little wouldn't kill someone... Would it?

I opened cloudy's door to his room, he was sitting at his desk trying to write something.

"what's up?" I said to him

"the geiling" he said

I gave a little chuckle and walked in, shutting the door behind me.
I went to cloudy and looked over at him, his notebook only had a few words on it

"long a go"

"what you writing there?" I asked

"it's for my English glass" he said

(note I'm doing cloudy's accent since his is a lot easier to copy than bubbles)

"cool" I said

A few minutes past with cloudy not saying anything but just tapping his pencil on the paper.

I felt a feeling in my stomach that felt like "love" for a few seconds before it went away.
But then it came back, but this time STRONGER.

I looked back at cloudy, his silky white hair was covering his face.
I gave up, I had to do something to calm these feelings.

I pulled cloudy away from the desk

"what the hell are you-"

Cloudy tried saying something but I stopped him by planting my lips on his, I could feel him melting into the kiss and becoming softer.

I straight up shoved my tongue into his mouth, I heard him moan a bit before turning back to normal, I felt cloudy dig his finger nails in my sweatshirt.
Cloudy began pushing me back while trying to take a step, I went backwards as cloudy pushed forward. He stopped right at his bed, he shoved me down onto the bed. Still kissing me.

He stopped and got off of me, I got on the bed and pushed cloudy down so I could get on top of him.

I began to unbutton his pants and slowly take them off, he immediately slid them off.
I took off his boxers, he laughed as I wrapped my hand around his erect dick.

I slowly began stroking, cloudy let out small moans signaling me to go faster, cloudy moved his head towards my neck and began to lick and nibble.
I let out a small moan as cloudy bit in a certain spot, he violently bit my neck and sucked, making me moan louder, he left a hickey there.

I stroked his dick faster, cloudy let out a load moan

"I-I'm gumming!"

I stopped stroking and attacked cloudy's dick with my mouth, he moaned louder.
I bopped my head up and down, cloudy held my head down

"f-fuck! Right there!" cloudy moaned

I felt a thick warm liquid shoot down my throat, I swallowed it all.

Cloudy whimpered as I took his penis out of my mouth.

"th-thank you" he said

"you've came, but I haven't" I said, a little annoyed

"well then, get undressed" he said, smirking

I slowly took off my clothes, after I was done cloudy pushed me down on the bed.

"wait- you're gonna be on top!?" I asked

Cloudy giggled, he slid down my boxers.
He lifted his body up over my dick, he slammed down on it, I shreked.

"ow!" I shouted

Cloudy laughed, then he bounced up and down on my shaft.

He made tiny squeaks as I heavily moaned

"nnngh... Cloudy..." I moaned, looking up at him

"b-balloony" he said

He started bouncing faster, causing me to moan louder.
Cloudy began stroking himself at the sight of me, his face was a red blushing red mess, my legs were going limp.

Cloudy fully pulled myself out of him and made me slam back in, causing me to scream.
My mind went blank and my vision was slowly fading away.

Finally I came inside of him, he grunted as cum shot out of his member.
My vision fully went black.

I jolted awake to see cloudy cuddled next to me, I was wearing pajamas.
I'm guessing I was knocked out, but at least I lost my virginity to the boy I love...

WOO HOLY SHIT THAT TOOK FOREVER!

Stick x Leafy (NSFW)

UwU here we go again
Requested by: ForestTheTransBoy
This is a part of the last story, when they actually hang out
----
Leafy's pov:

I walked into Stick's house and hung up my backpack on his rack, a young toddler from the living room behinds the gates shouted

"Auntie!"

The little girl ran over to the gate and opened it, leaving it wide open.
She ran over to branch and held up her arms, probably wanting to be picked up.

Stick threw off his pink turtle neck jacket and picked up the little girl, he smiled

"oh, I forgot to tell you" Stick said, looking at me
"this is my niece Lilliana"

(Forest actually has a neice named Lilliana, lmao she's adorable)

"oh" I said

Stick kissed Lilliana's cheek and set her down, the little girl ran back to the living room.
Me and branch went upstairs to his bedroom.
Branch's bedroom was normal

1 bed with a few stuffed animals on it, a shelf next to her bed, two dressers, a cat tower, a big net in the corner FULL OF BEANIE BABIES!

"I'm sorry what the hell?!" I said looking at the beanie babies

"I collected beanie babies" Stick said
"most of them my grandma gave to me"

I sat on his bed and just looked around, pink walls huh.
I honestly though she would have walls something rather than pink. I heard loud meowing coming from the room next to her bedroom.

A tiny black cat walked into branches room.

"Yoichi!"

It's pronounced Yo-ee-chee btw (it means first son and Yoichi is the first male cat Forest got)

Stick picked up the tiny cat and kissed it's cheek, branch sat down on the bed and began petting the cat.
Yoichi jumped off of the bed and went under it.

"so, what do you want to do?" Stick asked me

"I don't know" I said

Actually, I did know but I know Stick would either be grossed out or get mad.
I looked over Sticks backpack next to her bed, I noticed she had a strap-on inside, I gulped.

"A-Actually" I stumbled on my words

"what?" he asked

"I know what I want to do.." I said

"what is it?" he asked

I slid closer to him and grabbed his hand, making branch look at me.
I leaned closer to his face and kissed her, branch kissed back.

I knew I had to take this a step farther, I stuck my tongue in his mouth, I felt Stick jerk but he didn't do anything.

We both realised, a string of saliva connected both of our bottom lips together.

"I want that, but more" I said

Stick looked at me like I just shouted gibberish

"what I mean is, I want you" I told him
"I want you!"

Stick laughed and said
"that's all you had to say baby"

Stick got up from his bed and took out a wip

"Mommy has a wip, so listen to him or you'll get spanked"

I giggled and started to take off my clothes

"good girl" Stick said

Stick also took off his clothes
Once I was done Stick pinned me to the bed and started to lick my neck, I shrieked but slowly began to moan.
Stick got off of me

"I have something you'll enjoy" stick said

he took out the strap-on from his backpack and put it on himself, he forced me down on the bed again and mounted himself on me

Since Stick was trans masculine, he needed to use a strap-on in order to fuck someone.

"are you sure you want to do this?" he asked me

I nodded, he slowly inserted himself inside of me, tears pricked my eyes.

"y-you can move n-now" I said

Stick started to slowly thrust in and out of me, I squeaked and Stick covered my mouth

"Stay quiet or i'm whiping you" he said

I nodded and inseatd of moaning, I tried to squeeze Stick's tit, but since he was wearing a binder, it was hard.
He laughed at my struggle before biting my lip.

All of the sudden he picked me up and shoved me against the wall still fucking me.
I moaned on the top of my lungs before he whipped my thigh.

"STICK?"

Stick stopped fucking me and covered my mouth

"yeah mom?" he asked, sweating

"is something wrong?" Stick's mom asked
"I heard leafy scream"

"n-no, we're fine" he said
"me and leafy are just horse playing"

I heard the footsteps walk away, me and Stick locked eyesight.

"Didn't I tell you to stay quiet?" He said

Stick began to fuck me harder than ever, I felt like I was close.

"I-I'm close!" I shouted

Stick giggled and continued to fuck me, I felt liquids from inside of me shoot out.
He pulled out of me

"how was that babe?" he asked

"awesome.." I said

Stick took off the strap, he put the whip back into his bag.

I threw my clothes on and laid back on the bed. Yoichi jump on Stick as she sat down.
he picked up the tiny cat and kissed him on the top of his head.

That was intense but I enjoyed it

Alrighty that was longer than Ella's screaming.
I noticed my last video got 3 dislikes, but I bet it was because I called firey a jerk

Love you all, the next story I'm making is flower x ruby.

Again, thank you ❤

Flower X Ruby (FLUFF)

nothing really much happens in this story

Flower's pov:

Ah yes, another day In detention.
I got detention when I called the principal a faggot.

Not like I'm homophobic, i just used it as a insult and nothing to do with gays.
But she took the insult and gave me after school detention.

I looked around the room, the normal kids I would see in here.

Pencil, Match, Snowball, Blocky, Lightning, Liy, Branch, Ruby-

Wait..ruby?!

Why Ruby! I had to ask her why she's here.

The teacher had to separate some kids from each other.

Pencil, Match, Ruby. Of course
The teacher moved Ruby next to me, I didn't really care where she moved pencil and match too

"what are you in here for?" I asked ruby

"I got in trouble for slamming my hand on the table" she said, laying her head on the table

"you?" she asked

"I called the principal a faggot" I said

"oh" she said

Her hand was laying off of the table, I wanted to hold it, so I did.

I let go of my pencil and moved my hand twords her hand, I grabbed and immediately intertwined or fingers together.

"umm.. Are you trying to tell me something?" she asked

"I-I like you" I said

"HEY QUIET DOWN!" The teacher 5 shouted

I just rolled my eyes and continued to hold ruby's hand

Snowball laughed behind us
"ok lovebirds, stop holding hands"

"shut the fuck up, libtard" Ruby said

"haha" Snowball laughed

"You wanna hang out after detention?" I asked ruby

"Yeah, sure" she said

A few minutes later, branch had a panic attack and had to leave the room to calm down.

After 5 left the room to talk to branch.
Snowball stared throwing paper balls at everyone in the room.

Liy got mad, so she grabbed her binder and threw it at snowball.

I heard 5 stop talking and walk inside, he noticed Snowball had a paper ball in his hand and Liy was about to throw another binder at him since the first one missed

5 shouted at both of them and told them to leave the room.

_____

A hour later detention was finished,me and ruby went over to my house.

My parents were away for the weekend so me and ruby could do anything we wanted.

"You wanna watch a movie?" I asked

"Sure" she said

I grabbed the TV remote and began flipping threw movies, I stopped when ruby pointed at the movie dr. Strange.

"I've watched that before! Let's watch it!" Ruby said

I selected the movie, I haven't owned it so I had to download it.

A few minutes later I got it working, me and ruby just sat there, watching Dr. Strange.

I held ruby in my arms, for the whole movie

Oof well that was short.

I'm still pissed off at the fact that le friend got the limited edition sweatshirt.

Door (oc) x Stick (oc) (ANSGT)

Charles said do 'Door and branch' sooo...
Door is branches ex (aka dean, lol he a fuck boi)
What is my opinion on him? Well he's a prick who for some reason had to hurt Forest even more while he was suffering in his hometown
(Takes place before school starts)

Stick's pov:

I went back to my hometown with my parents and girlfriend to go get some school supplies.
A new year was starting at my new school, thank God.

Before July even rolled around I met leafy while taking my niece Paris to the park.
She had to take her little sister to the park and had nothing to do but look around.

I sat next to her on the bench and we began to talk, boy did we talk ALOT!
But I enjoyed it, finally meeting someone who would talk to me without making fun of my teal hair.
Eventually we exchanged phone numbers and began hanging out even more.

Then one-day she took me out in a large field to watch the sunset.
And she asked me out!

Of course I said yes, we went on our first date a few days later. It worked out!

Now I'm taking her out to my old hometown... Owa...ew
Owa is a big bully and no matter who you are or what you are, you're

gonna get picked on. Owa logic am I right?

I was walking down to the messenger bag section to pick one out since my cat yoichi broke the zipper on it.
Also including the fact that it was a new school year.

I noticed someone I recognized in the corner of my eye, i looked over and....

Oh my holy Jesus christ....

It was door! My ex boyfriend!

I threw up in my mouth a little and looked back at the messenger bags, i wrapped my arm around leafy to calm myself down. She knew I was distressed

"Something wrong hun?" She asked me

"I saw my ex.." i said

"Which one?" She asked

"Door, the only male I've dated" i replied

Leafy grumbled and grabbed a few folders, she took out a sheet of paper that was given to us on what classes we would have.

"Branch?"

Oh shit. That was door

Leafy turned to my direction and saw door walking up to us, i walked backwards next to leafy.

"I-I though you moved?" Door asked

"I did, there's no Walmart where I'm now living" I said annoyed

"And it's Stick now" I said even more annoyed

Door looked away from us and smiled, his teeth were more crooked than ever.

"And I thought you were with that other girl?" I said

Door frowned and said
"Her parents found out and made her break up with me.."

I giggled in my head, I knew their relationship wouldn't last as long as me and door did.

"W-who's this?" Door asked, looking at leafy

"Leafy" she said

Door looked away before walking twords me.

"L-listen branch- I m-mean Stick.." door mumbled
"I really... want you back"

I was about to say something before door began rumbling on
"I can't stop thinking about you! Whenever I'm horny I think of you!"

Leafy looked like she was about to vomit

"I haven't had my dicked sucked ever since I left you!" Door shouted
"PLEASE TAKE ME BACK!"

door looked like he was close to sobbing

I sighed

"You broke me" I said
"Ever since you left me I thought I wasn't good enough"

"My grades declined" i rambled
"I lost interest in things I enjoyed"

Leafy interrupted me
"that's enough door" she said
"Stick is taken"

"B-by who?!" Door said, he looking like he was about to burst into tears

I looked over at leafy and kissed her cheek .

Door gasped and ran off, finally I got the truth out.

Door no longer means anything to me, so what if I sucked his dick? Some people just fuck then bounce.

But at least I have someone who would stay with me until the end...

SOME OF THE SHIT I WROTE MADE ME WANT TO COMMIT NOT ALIVE!
WHY FOREST WHY?!

Goodbye ella...

Hey guys....I'm going on hiatus (or however you spell it)

Why? I lost my 9 year old sister to covid 19.

My dad found out she had covid after he took her to the hospital (he called before taking her in)

I was asleep at the time, I was awaken by my mom. She took me to the living room.
My older brother, sister, and my dad were there.

He explained to me that Ella (my little sister) had covid 19 and that she had to stay in the hospital due to her have cvid (common variable immune deficiency).

Basically meaning ella had a very high chance at dying...

But sadly, on July 6th. Ella lost her battle.
I know it seems like I'm not sad, but it takes everything to write this.

So, if I don't write anything, you'll know why

Thank you guys for support.

Bye for now....

Golfball x Tennis ball (FLUFF)

(I don't know what the hell im doing but since Issac is still gone and won't answer my messages....yeah I'm just gonna shut up and get on with the story)
(NOT MADE BY ISSAC)

Golfball's pov:

I sat down at my desk, man I love chemistry.
It's my favorite class! I love experimenting with chemicals!

And also my platonic best friend Tennis ball was in the class...oh who am I fooling, I'm in love with Tennisball.
We've been friends since preschool, I know I told coiny that our relationship is platonic but I can't stand being alone.

I love Tennis ball, he's funny, sweet, smart just like me, even though he's clumsy. It makes me fall for him more.

"Gb? Gb? You good?"

I snapped out of my day dream and looked up at Tennis ball, who was waving his hand in my face.

"Oh yeah, I'm fine" I told him

"Oh well...we're doing a partner project and I chose you" he said

I smiled
"Okay what do have to do?" I asked him

"We have to do a study about chemical imbalances" Tennis ball said

I just nodded, and went back to day dreaming.

(Time skip because this isn't my book)

I was walking towards my locker, the school day went by fast.
I mean- I was thinking about Tennis ball all day, I wonder what we're gonna do for the project...

"GET BACK HERE YOU MOTHER FUCKER!"

I threw my head back to see snowball chasing Ivy.

Ivy was running away with snowball's binder while he chased her.
Ivy did this almost every day, and it would end up with both of them sucking face in detention.

How do I know? Tennis ball told me.
One day they were all in detention, and once 5 left the room. They started kissing.
They were never caught.

"Hey, you ready?"

I shut my locker, Tennis ball was staring at me. Waiting for me to answer.

"Yeah" I said
"Let's go"

(TIME SKIP AGAIN BECAUSE I HAVE NO SHITS TO GIVE)

I sat on my bed, my cat lulu jumped on my lap, I stroked her little head.

Tennis ball sat on the floor and removed his binder from his backpack.

"So what do you wanna do now?"
I asked

"I was thinking we could play a game first" Tennis ball said

I gave him a look that just said "bruh what the hell is wrong with you"
I really wanted to get this project done, but this was Tennis ball so I just couldn't resist.

"Yeah, sure" I said
"What game do you have in mind?"

"I was thinking truth or dare" he said

We were in the middle of the game, the dares were very tame until...

"Truth or dare?" Tennis ball asked

"Dare" I said

A few seconds past.

"I dare you to sit on my lap!" He said

I blushed...was he being serious?
I didn't want to look like a puss puss, so I sat on his lap.
Tennisball looked down at me, he took off his brown glasses.

He leaned forward and kissed me, my face turned a bright red.
Tennisball licked my lips, and I let him in, he moved his tongue around a lot.

We parted from the kiss, breathing heavily.

"That....was...awesome" Tennis ball said

I didn't say anything, I just stared at his eyes.

"so...are we a thing now?" he asked"

"I guess" I said

From here on to the end I will be editing the book
-issac

Tennis ball lifted me off his lap and sat me next to him.
I sighed and took out a sheet of paper.

"So...what should we do now?" I asked him

"I was thinking we should just watch videos on chemical imbalances"

he said

"Dude..that's plagiarizing" I said

Tennis ball rolled his eyes and asked

"How so?"

(Aftet math)

We got an A on the project, me and Tennis ball have been together for a while now.

GUESS WHO'S BACK?!

ME!

Anyways I have no idea's for another story, I'll I've been doing is crying myself to sleep and cuddling with my leafy plush.

So..my brother was arrested...

GREAT!

IF 2020 COULDN'T HAVE GOTTEN ANY WORSE....

oh wait it just did

Not only did i lose my baby sister, MY BROTHER WAS ARRESTED LAST NIGHT!

Turns out, charles was dealing drugs and he robbed a gas station... Since this is his first offense he's only getting 5 months.

But still, it feels like i lost another member of the fam.
Now it's just me, my parents, and my other brother.

And i can't really do anything with him because he's autistic and has the mindset of a 4 year old.
Im not being rude, it's literally how he is. His autism is just that bad and i feel so so so so sorry for him.

So how's your 2020 life been?

(For My Trans Friend)

Ok, I said that i was done.
But my friend came out to me as transgender and I wanted to make a part about him and his battle with dysphoria

Song: Identity Lost In A Mirror
-

He wants to scream
"I'm not your sister!"
"I'm not your daughter!"
"I'm not a her!"
"Don't call me a her!"

-
"So call me a he!"
"I'm your brother!"
"I'm your son!"

-

The boy used to stare in the mirror , trying to understand himself.

But his heart was full of **hate** for what he saw.

It wasn't him...

It was a pale skin *girl*

Looking down to see all the cuts on *her* body, writing a story in *her* skin.

Like a path to all the things *she'll* never be.

All the things she longs to be

Tears streaming down her cheek.

She's screaming

"I'M NOT A GIRL!"

The boy looks up and smiles at himself with tears falling off his lips

He whimpers...

"I'm a boy"

As he held himself tight, he doesn't understand why he was born this way.

Cause he's just a boy trapped in a girl's body

The *girl* in the mirror feels so caged, trying to be a lie to live up to society...
She tried to be the person they all wanted *her* to be...

BUT ALL THAT DID WAS MAKE HER CRY, CUT AND WANNA DIE!
-

Then *she* falls asleep and in *her* dreams, *her* mind forgets what's under the covers.

He's running down, down the street.
In his leather jacket & skinny jeans, forgetting the ***girl*** *in the mirror.*
And all his cuts are better and his chest is flatter...

And he gets on his knees and prays, he gets on his knees and prays, he gets on his knees and prays..

"Will I look this way one day?"

-
He wants to scream..

"I'm not your sister!"
"I'm not your daughter!"

"I'm not a her!"
"so don't call me a she!"

"CALL ME A HUMAN!"

"I'm only a human, aren't I?"
-

"So call me a he!"
"I'm your brother!"
"I'm your son!"
-

Call him a human

He's only human

He is only human

Happy Birthday Lil Sis...

She would've been 10 today....
The video above was her favorite song...

So, in Ella's memory.
I decided to make little picrew images of her...

She would've loved them...

Not real photos of her to protect her identity.

Here's one with our brother

Me and her hugging (sorry that we look like boys, this one was meant to have two guys)

I'm the one with paler skin.

Me and her

I tried getting my dyed hair color but it turned out grey :(

@earth4120

#IT'SBUFTUY_THO

@arideo

That's all.

But I'm gonna share one of my favorites memories with Ella

When her iPad was dead and or if our other sister wouldn't play with

her.
She would go to me, whether I was sleeping or not.

If I was sleeping, she would jump up and down on my bed, waking me up
She would shout
"Ivy Ivy! Play with me!!" While giggling.

And yes, I would always play with her....

I miss those times
I miss being woken up at 7 in the morning by Ella....

I'm coming out

I didn't expect this to happen.

But last Friday, me and my sister were both diagnosed with **gender dysphoria**.

my parents aren't really educated about trans people, so I had to explain it to them.

So yeah....

Hi, my name is Isaac, and I'm nonbinary!

And my sister is now my brother, and his name is Seth.

Seth goes by He/Him

And I use They/Them

⚠Important update⚠

So I might actually bring the book back to life (and turn it into a oneshot book).

Soo I guess continue requesting ig

And if you comment something that is just fucking ridiculous, you will be muted.

Stick (oc) x Mephone (FLUFF)

Requested by my best friend TeaBagTheWolf
Tw: Internalized transphobia

Sticks pov:

You look like a girl
You will always be a girl
Stop trying to change, girl

The thoughts keep getting worse and worse, I keep crying at night.
I can't come to terms with my gender, it hurts so bad. I hate myself so much.

I looked up in the mirror

See? You look like a girl, that makes you a girl

My face was so feminine, I began to cry. I hated it, I hated it, I hated it!
I could see my bra strap through my shirt

Only girls wear bras

I continued to sob even more, the dysphoria flooded my head, making the thoughts even worse.

knock knock

"Stick, you in there?"

Oh, my boyfriend Mephone..
I quickly wiped my tears off my face and opened the door.

"Are you okay? I heard you sobbing" He asked

Shit, he heard me...

"No...why?" I said

"Dude don't lie to me, I heard you. What's wrong?" He said

Yep...he knew

"I'm having another identity crisis" I said, sadly
"It seems like no matter what I do I still get called she, should I just stop trying to change myself?"

I began to cry AGAIN

Sheesh you're such a baby, you call yourself a boy and you still cry like that?

"Like I'm sick of being called she, but should I just say my pronouns are she/her? Is it even worth fighting for?" I sobbed

We were now in the bedroom sitting on the bed
While I was having my girlie sob, he had brought me to the bedroom.

"Dude..." Mephone started
"I honestly don't care on what you identify as, what I DO care about is if you end up hurting yourself because of these thoughts"

" I get that! But I don't know what to call myself!" I said
"Am I a girl? Am I a boy? Am I neither? Am I both?"

I rambled on and on and cried more.

Sheesh you're sad, you're a disgrace to the trans name!

Mephone began to rub my back in an attempt to comfort me, slightly going "shhh" as he did so.

"Just give it some time, I get trying to understand your identity is hard, but trust me. This will pass over"

I wiped my face and looked at him, just not in the eyes. I can't do that.

"I guess you're right, but Jesus I cry over everything, even the smallest of things can make me sob"

Mephone placed his hand on my shoulder and said

"It doesn't make you a girl to cry"

My face slowly made a smirk.

He leaned forward and kissed my forehead.

"Cmon, it's late. Let's just settle down"

I nodded, I slid off the bed and went back in the bathroom to clean my face, while Mephone changed into his pajamas.

Once I got back, he had already dosed off. I layed next to him and drifted off into sleep.

I took over a year off to cut you bitches some slack.
Tell a friend to tell a friend.

Their BACKKKK!

I'm happy to be back, I pretty much left me phone unattended until my grades were up.
I won't guarantee that I'll be posting more often. But trust me I'm not dead.
